SUPER POKER

For Amusement Only

SUPER 77 - 99

Super Poker offers a new Bonus feature. Each pair of Sevens or pair of Nines in a non-winning hand will add points to the Bonus total. When either of the Bonuses reach their limit, the player will receive all Bonus points and the Bonus starts over at 0.

RAISE POKER®

Raise Poker is a poker program so unique, we were able to copyright it. Raise Poker® allows the player the option of increasing his ante after seeing his first five cards. If your Poker machine doesn't have a Raise feature . . . you don't have a Poker Machine®!

SUPER POKER — a game so smart, it suggests to the player which cards to keep and which ones to discard. Super Poker offers Bonus 77, Bonus 99 and Raise Poker® (both described above) as well as automatic discard at the push of a button on the player panel. Super Poker offers an operator selectable Setup Mode, choice of Poker card graphics, Double-up from 0 to 4 times, and the new Half-Winnings feature where the player can save $\frac{1}{2}$ his winnings and play double-up with the other half.

OPTIONS — Super Poker comes in all cabinet styles and sizes, from the space saving countertop to the Classic Silver Streak with chrome player panel. Super Poker is also available in the Salon size cabinet and the economical Westerner style cabinet as well.
